Subject: Dec 94 Vanity Fair Article

A hockey buddy of mine called me today and told me that this article was in the December issue of Vanity Fair magazine.

I know you don't care for Anthony Summers, but this is not too bad of an article, and it has information on Major John Newman who I've heard you speak highly of.

Hope you received the info from the archives, and the oranges I sent you. I'll give you a call one of these days to hit you with my latest batch of questions.

Hope you and you wife are both felling well. Have a happy Thanksgiving.

Sincerely,

Ray
